

Walk Like A Wiseman

Gotta walk like a wise man all the way to Bethlehem
The only thing we've got is a star to lead us
We're not gonna stop til we see the Baby Jesus
Whoa gotta walk like a wise man

Do you know what it means walking like you're wise?
Everybody following a star up in the skies
One step two step no time to stop and rest
Can't wait to see this little bitty baby

Gotta walk like a wise man all the way to Bethlehem
The only thing we've got is a star to lead us
We're not gonna stop til we see the Baby Jesus
Whoa gotta walk like a wise man

We have come bearing gifts treasures that we bring
Gold myrrh frankincense worthy of a King
Three step four step wondering are we there yet
Night after night walking in the moonlight

Gotta walk like a wise man all the way to Bethlehem
The only thing we've got is a star to lead us
We're not gonna stop til we see the Baby Jesus
Whoa gotta walk like a wise man
